THE HISTORY OF ICE HOCKEY

This is one of my thematic stamp exhibits. Unlike my topical collection "[ICE HOCKEY ON STAMPS](#)", it only includes stamps (as well as souvenir sheets, covers and other philatelic items) that depict specific competitions and events. The stamps with bizarre subjects like Disney characters or children playing hockey (or with no subject but ice hockey itself) are not included, for they have absolutely nothing to do with hockey history.

The exhibit is organized chronologically: all competitions and events are listed in the order in which they occurred.

For each contest, all the top teams are listed. If the relevant philatelic materials do not depict said teams, the information is given in brackets.

EXAMPLE: Let's look at World Championship 1965:

WORLD CHAMPIONSHIP 1965 (Tampere)

1.USSR

(2.Czechoslovakia, 3.Sweden)

The Soviet stamp mentions the winning team, namely USSR. The other two top teams, Czechoslovakia and Sweden, are not mentioned anywhere, and thus their achievements are noted in brackets.

Also please note that this exhibit has an appendix of sorts, which is named "[Hockey Players on Stamps](#)". There, you can find a short list of achievement of all the players depicted on stamps and philatelic items (even if said achievements themselves have not been depicted).

Due to a rather large volume, the exhibit is broken into several parts, each covering one decade:

[1890-1899](#)

[1900-1909](#)

[1910-1919](#)

[1920-1929](#)

[1930-1939](#)

[1940-1949](#)

[1950-1959](#)

[1960-1969](#)

[1970-1979](#)

[1980-1989](#)

[1990-1999](#)

[2000-2009](#)

[2010-2019](#)

[2020-2029](#)

Enjoy!
